Dear Mr. Wilson:

TRANSMITTAL OF THE BURIAL GROUND SAMPLING AND ANALYSIS RESULTS FOR
JANUARY-MARCH 2005

Hanford Federal Facility Agreement and Consent Order (Tri-Party Agreement) Milestone M-91-40, requirement 2, paragraph 3, requires quarterly reports of results from retrieval burial grounds sampling and analysis plan sampling activities. No sampling and analysis activities were conducted as part of the applicable sampling and analysis plan for the 218-W-4C Burial Ground during the January-March quarter so there are no analysis results provided for this period. This letter is intended to meet the quarterly report requirement.

The sampling and analysis plan for burial ground 218-E-12B was approved in January 2005. Sampling in accordance with that plan was started on May 5, 2005. Results of that sampling will be provided in future quarterly reports.

If you have questions, please contact me, or your staff may contact Greg Sinton, of my staff, on (509) 373-7939.

Sincerely,

Matthew S. McCormick, Assistant Manager
for the Central Plateau
