Dear Messrs. Lundstrom and Sherwood:

HANFORD FEDERAL FACILITY AGREEMENT AND CONSENT ORDER, MILESTONE M-15-81A

The subject milestone required preparation of a report to address Resource Conservation and Recovery Act/Comprehensive Environmental Response, Compensation, and Liability Act (RCRA/CERCLA) integration for groundwater activities on the Hanford Site. The attached document evaluates the impacts on the RCRA groundwater monitoring from the pump and treat activities required under CERCLA; and the impacts from ceasing liquid discharges to the soil column and rerouting the discharges to the Treated Effluent Disposal Facility.

Please provide comments to Ms. Donna Wanek by February 15, 1996. If you have any questions, Ms. Wanek can be contacted at 376-5778.

Sincerely,

P.F.X. Dunigan, Jr., Administrator
