Re: 100-BC-1 Demonstration Project Expedited Response Action
Proposal

Dear Ms. Erickson:

The U.S. Environmental Protection Agency (EPA) and the Washington State Department of Ecology (Ecology) have reviewed drafts of the 100-BC-1 Demonstration Project Expedited Response Action proposal and concur with this proposal. The EPA and Ecology recommend the U.S. Department of Energy (DOE) prepare the document for immediate release for a 30-day public comment.

The EPA and Ecology recommend beginning the public comment on May 15, 1995 and continue through June 15, 1995. This will enable an action memorandum to be in place by July 1, 1995.

If you have any questions or concerns, please contact Mr. Dennis Faulk in the EPA office at (509) 376-8631 or Mr. Ted Wooley in the Ecology office at (509) 736-3012.

Sincerely,
