RCRA Postclosure                       Consolidated                       None

Approvals Needed:                       DOE                                       Ecology                                       EPA

Description of Current Site Waste Condition:

*(what is the current physical state of the site? what activities have been performed?)*

These waste sites did not require remediation and were previously reclassified as "no action" under interim action decisions.

Basis for Reclassification:

*(how does the site meet the reclassification status?)*

The selected remedy for these waste sites in the Record of Decision, Hanford 100 Area Superfund Site, 100-DR-1, 100-DR-2, 100-HR-1, 100-HR-2 and 100-HR-3 Operable Units is no action. These waste sites meet the criteria for unrestricted land use.
