Change Title Integrated Closure of the 1706-KE Waste Treatment System and 303-M Oxide Facility and completion of Major Milestone M-20-00A.		
Description/Justification of Change <p>This change form removes the 1706-KE Waste Treatment System (WTS) and the 303-M Oxide Facility treatment, storage and/or disposal units (TSD) from the scope of Major Milestones M-20-00, M-20-00A and M-20-00B, adds the 1706-KE WTS to the scope of Interim Milestone M-16-52, and modifies Hanford Federal Facility Agreement and Consent Order (Agreement) Appendices B (Listing of TSD Units) and Appendix C (listing of Operable Units and Waste Sites) to reflect current agreements.</p> <p>Specifically, the Agreement is modified by this change form to reflect the agreed closure of the 1706-KE WTS in conjunction with the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) cleanup under the 100 Area Remaining Sites Record of Decision. This strategy will allow for an effective use of resources by placing the cleanup activities associated with this facility in a single action. This more efficient approach poses no additional risk in that the present condition of the 1706-KE WTS presents no threat to human health or the environment. In addition, this change request does not alter the scope and schedule of actions required to achieve closure of the 1706-KE WTS. Integrating the closure of the 1706-KE WTS with CERCLA under the terms of the Agreement will be accomplished by adding the four 1706-KE WTS waste sites to Appendix C of the Agreement within the 100-KR-2 Operable Unit and noting this scope under existing Interim Milestone M-16-52. Appendix B is also modified to add the 100-KR-2 as the appropriate operable unit for the 1706-KE WTS.</p> <p>Similarly, fulfillment of closure plan requirements for the 303-M Oxide Facility was transferred to the remediation of the 618-1 Burial Ground waste site within the 300-FF-2 Operable Unit by approved Tri-Party Agreement change request M-20-92-05. Major Milestone M-20-00A is now considered completed with the approval of these actions.</p> <p style="text-align: center;">Description/justification of change is continued on page 2 of 3.</p>		
Impact of Change No impact is anticipated as a result of this change.
