Dear Mr. Ferns:

We have completed our review of the Final Hanford Comprehensive Land-Use Plan Environmental Impact Statement (FEIS). We are responding on behalf of the U.S. Public Health Service, Department of Health and Human Services (DHHS).

Thank you for the opportunity to review and comment on this FEIS, and for addressing our previous comments on the Draft EIS. We believe those concerns have been addressed in this FEIS, and we have no additional comments to add at this time. We would appreciate receiving a copy of any future environmental impact statements which may indicate potential public health impacts and are developed under the National Environmental Policy Act (NEPA).

Sincerely,

Kenneth W. Holt, MSEH
