Dear Ms. Dallas:

Please reference my letter to you dated May 13, 2004, granting a storage time extension for the treated Kaiser-Hill (Rocky Flats) waste until May 22, 2004. At this time, the Washington State Department of Ecology (Ecology) is granting an additional one week extension for storage of the waste until May 29. Ecology will decide whether to grant an additional extension or extensions on or before May 29. Any future decision by Ecology will ensure that sufficient time is allowed to safely dispose of this material

This extension shall not be construed as approval by Ecology for disposal of the subject waste at Hanford, nor as any admission nor representation as to the adequacy of the Hanford Solid Waste Environmental Impact Statement.

If you have questions, please contact me at (509) 372-7896 or sder461@ecy.wa.gov.

Sincerely,

Sterling L. Derrick
