Dear Messrs. Lundstrom and Sherwood:

TRANSMITTAL OF THE DRAFT A, 200-BP-11 OPERABLE UNIT AND 216-B-3 MAIN POND WORK/CLOSURE PLAN

The subject document is being provided to the State of Washington Department of Ecology (Ecology) and the U.S. Environmental Protection Agency (EPA) to satisfy Hanford Federal Facility Agreement and Consent Order (Tri-Party Agreement) Milestone M-13-07, "Submit integrated 200-BP-11 source operable unit and 216-B-3 Pond work/closure plan to Ecology and EPA by September 30, 1994." This draft is consistent with the Fourth Amendment of the Tri-Party Agreement, and will be modified to address any changes as a result of the Environmental Restoration Refocusing currently underway in the Tri-Party Agreement renegotiations.

The fourth Amendment of the Tri-Party Agreement, Section 9.2.1 Primary Documents, allows for a 60 day regulatory comment period on work/closure plans. If you have any questions or comments, please contact Ms. Donna Wanek of the Plateau Remediation Division on 376-5778.

Sincerely,

*Robert G. Holt*
