Microsoft Word 4

Hi everyone,

One of the action items discussed at the last Hanford Trustee Council was sending out a news release that discusses what the Council does. Dan wrote the attached article and I have made a couple of additions and minor changes. please take a look at this and make changes as you see fit so that we can finalize it at the January 2001, Council meeting.

Thanks, Tom

Hi Dan; I made a few edits to the proposed article. let me know what you think about the changes and if it looks OK I will send it out to the whole council to play with prior to the next council meeting. Tom

Tom,

Attached is a rough draft of a letter that could be used as an article in the Hanford Reach that provides information about the council. As chair you might want to make some changes and send it out to the council for discussion at our next meeting.
