Dear Messrs. Stohr and Sherwood:

COMPLETION OF HANFORD FEDERAL FACILITY AGREEMENT AND CONSENT ORDER (TRI-PARTY AGREEMENT) INTERIM MILESTONE M-41-06

The Tri-Party Agreement contains the milestone M-41-06 which states:

The U.S. Department of Energy (DOE) shall provide to EPA and Ecology the draft curricula for the upgraded Waste Tank Operations Maintenance Training Program and an implementation schedule for that training, by June 30, 1994.

The DOE, Richland Operations Office (RL) is pleased to submit the enclosed draft "Waste Tank Maintenance Training Plan." The enclosed draft fulfills the requirements of this milestone. This plan is consistent with the single-shell tank Unit Manager's Meeting of February 8, 1994, in which the specific content of this plan was discussed.

This completes work on this milestone.

RL will review the content of this plan at a future Unit Manager's Meeting, so that any comments you may have on this Plan may be incorporated into the on-going tank farm training program, as appropriate. RL understands that the Compliance Office of the Washington state Department of Ecology was particularly interested in this Plan.
