Permit submittal for the Single-Shell Tank (SST) Farms in the 200 West Area. The reports address requirements from Washington Administration Code (WAC) 173-303-645 and WAC 173-303-806, as well as the request in the referenced letter that the U.S. Department of Energy Richland Operations Office develop engineering reports in advance of the complete permit application for the SST Waste Management Areas.

Please be advised that these documents have not been certified per our recent discussion, but will be prior to the final permit actions.

If you have any questions, please contact me, or your staff may contact, Mike Cline, of my staff, on (509) 376-6070.

Sincerely,

William F. Hamel, Assistant Manager
for the River and Plateau
