Subject: Weekly report

Weekly report for December 6-9, 1999.

Work continued on the Chinese Gold mining project. Aerial photographs were reviewed for likely mining locations.

Work began on the B/C Pipeline project. This project will be similar to the D/DR Pipeline Evaluation Project.

Performed the monthly monitoring for the KR4 Pump and Treat Project.

Met with Leslie Brown and Michelle Peterson to make final changes for the pre-Hanford Agricultural report and the D/DR Pipeline Evaluation report.

Worked on the HPIF's.
