Dear Mr. Bauer:

This letter is in response to your submittal of December 21, 1993, requesting approval for the construction and operation of Portable Temporary Radioactive Airborne Emission Units. My staff has reviewed your submittal, and based on that review I have determined that the proposed units, if properly operated, will not cause emissions to exceed the standards of Title 40 Code of Federal Regulations (40 C.F.R.) Part 61, Subpart H. In accordance with 40 C.F.R. 61.08, I hereby grant approval for construction and operation of the types and numbers of Portable Temporary Radioactive Airborne Emission Units described in your submittal.

If you have any questions regarding this approval, please contact me at (206) 553-4152, or Richard Poeton at (206) 553-8633 for technical matters.

Sincerely,

A handwritten signature in cursive script that reads "Jim McCormick".

Air and Toxics Division
