PURGEWATER PROJECT MEETING MINUTES

Project Managers Meeting
MO278/A113/200W Area
Hanford, Washington

May 22, 2003

- I. Approval of the April 1, 2003 PURGEWATER Project Meeting Minutes Ecology/DOE-RL/FH)
 - A. A discussion of Keith Klein's new signature requirements was held to determine the process for obtaining the appropriate approvals. Jeannette Hyatt (FH) suggested adding a disclaimer to the minute's signature page to reflect concurrence on content, not as an agreement to commitments.

- II. Operational Status (John Winterhalder FH)
Total volume of PW received at the PSTF:
 March = 20,139 gallons
 April = 22,699 gallons

- III. Project Specific Issues
 - A. Milestone M-20-21-T01 Status
 1. Ellen Mattlin (DOE-RL) reported the change request has been drafted and is waiting for comments. Ms. Mattlin will incorporate the WESF changes and send to Ecology for approval.
 - B. Interface Issues
 1. No discussions to report.
 - C. Purgewater Strategy Document Status
 1. John Winterhalder emphasized that re-issuance of the strategy document, reflecting a decision to manage all purgewater from all wells under one set of regulations (i.e., CERCLA), is needed in order to finalize the PSTF closure plan. Ecology has estimated it has about another week's worth of work on the document. Greta Davis of Ecology has requested a formal transmittal of the closure plan for Ecology review.
