Re: PUREX Sampling and Analysis Plan, Project W-049H

Dear Mr. Izatt:

We have completed our review of the PUREX Sampling and Analysis Plan, WHC-SD-CP-PLN-013. Our comments concerning paragraphs C through G and Appendices I and II are as follows:

17537

Paragraph F.2. - Please be certain that the bottle list shown is in accordance with 40 CFR 136.3. Please state the year in which the latest edition of SW-846 was published. The sample label shall also show the matrix from which the sample was taken and the analyses to be performed.

This report is quite thorough and could serve as a model in spite of our comments.

If you have any questions concerning this letter, please call me at (206) 438-7558.

Sincerely,
