Change Title Removal of Six Buildings/Structures from Tri-Party Agreement (TPA) Action Plan Appendix J			
Description/Justification of Change <p>This change control form removes six buildings/structures: one from the PUREX Geographic Area (2707AR), four from Strontium Semi-Works Geographic Area (215C, 241CX40, 241CR271, 271CR) and one from the Other 200 Area Facilities (225E) in Table J-1, Central Plateau Facilities and 100 Area Production Reactors, Appendix J.</p> <p>These buildings/structures were used for various activities, including laundry storage, change house, instrumentation, office work, and tanker loadout. The structures have not been used for radiological or chemical processing and contamination known to be previously in them has been removed. The structures are suitable for routine demolition methods.</p> <p>The structures are being deleted from the scope of DOE/RL-2010-102, Rev 0., <i>Action Memorandum for Decontamination, Deactivation, Decommissioning, and Demolition (D4) Activities for 200 East Tier 2 Buildings/Structures</i> (TPA Change Notice TPA-CN-0836) to facilitate demolition under the existing Central Plateau CERCLA documentation (DOE/RL-2010-22 Rev 1 <i>Action Memorandum for General Hanford Site Decommissioning Activities</i> and DOE/RL-2010-33 Rev 0 <i>Removal Action Work Plan for Central Plateau Decommissioning Activities</i>). These buildings/structures do not belong with Tier 2 structures due to their current states and historical usage (e.g. structures have not been used for radiological or chemical processing). TPA-CN-0837 adds these buildings/structures to the scope of DOE/RL-2010-33 Rev 0, <i>Removal Action Work Plan for Central Plateau Decommissioning Activities</i>.</p>			
Impact of Change <p>This change control form removes six buildings/structures from TPA Appendix J, Table J-1. Central Plateau Facilities and 100 Area Production Reactors; one from the PUREX Geographic Area (2707AR), four from the Strontium Semi-Works Geographic Area (215C, 241CX40, 241CR271, 271CR) and one from the Other 200 Area Facilities (225E).</p>			
Affected Documents <p>The Hanford Federal Facility Agreement and Consent Order, as amended, Appendix J, "Central Plateau Facilities and 100 Area Production Reactors"</p>
