MAY 27 1997

Mr. Douglas R. Sherwood
Hanford Project Manager
U.S. Environmental Protection Agency
712 Swift Boulevard, Suite 5
Richland, Washington 99352-0539

Mr. E. R. Skinnarland
200 Area Section Manager
Nuclear Waste Program
State of Washington
Department of Ecology
1315 West 4th Avenue
Kennewick, Washington 99336-6018

Dear Messrs. Sherwood and Skinnarland:

FOCUSED FEASIBILITY STUDY (FFS) OF ENGINEERED BARRIERS FOR WASTE MANAGEMENT UNITS IN THE 200 AREAS, DOE/RL-93-33, REV. 1

Attached for your information are five copies of the subject document. This revision was necessary because of inadvertent errors made in the publication of Rev. 0, back in May 1996. The specific errors were as follows:

1) Appendix C4 which discusses the calibration (using the HELP model) of the barrier conceptual designs used in this document was incomplete. Rev. 0 concluded on page C4-32 and additional pages through C4-64 had been omitted; and 2) Appendix E, Rev. 0, did not include the detail cost breakdown tables for the Subtitle C and Subtitle D barriers.

This revision does not change the body of the report, nor does it change the evaluation results and conclusions. It simply captures the data previously reviewed in Draft B of the FFS by both the U.S. Department of Energy and the regulatory agencies, which was inadvertently omitted in publishing the document from Draft B to Rev. 0.

If you want to discuss this matter further or require additional information, please contact me at 376-7087.

Sincerely,

Bryan E. Foley, Project Manager
Remedial Actions Project

of the Umatilla Indian Reservation
P.O. Box 638
Pendleton, Oregon 97801

Dear Mr. Wilkinson:

FOCUSED FEASIBILITY STUDY (FFS) OF ENGINEERED BARRIERS FOR WASTE MANAGEMENT UNITS IN THE 200 AREAS, DOE/RL-93-33, REV. 1

Attached for your information is a copy of the subject document. This revision was necessary because of inadvertent errors made in the publication of Rev. 0, back in May 1996. The specific errors were as follows:

1) Appendix C4 which discusses the calibration (using the HELP model) of the barrier conceptual designs used in this document was incomplete. Rev. 0 concluded on page C4-32 and additional pages through C4-64 had been omitted; and 2) Appendix E, Rev. 0, did not include the detail cost breakdown tables for the Subtitle C and Subtitle D barriers.

This revision does not change the body of the report, nor does it change the evaluation results and conclusions. It simply captures the data previously reviewed in Draft B of the FFS by both the U.S. Department of Energy and the regulatory agencies, which was inadvertently omitted in publishing the document from Draft B to Rev. 0.

If you want to discuss this matter further or require additional information, please contact me at 376-7087.

Sincerely,

Bryan L. Foley, Project Manager
