ATTACHMENT 1

The Project Managers Meeting was used to distribute copies of the Sampling and Analysis Plan (SAP) to Ecology for review and approval. The action was taken by Ecology to review and provide comments by the end of March 1997. It was agreed that the 30 day clock for review and approval of the SAP had been initiated by submittal of the SAP. Therefore, field samples could be collected as early as mid-April provided the SAP has been approved.

Copies of the minutes from the January 14, 1997 Data Quality Objectives meeting and the February 3, 1997 Data Quality Objectives meeting were provided to Ecology for review and approval.
