Dear Messrs. Sherwood and Stanley:

HANFORD FEDERAL FACILITY AGREEMENT AND CONSENT ORDER (TRI-PARTY AGREEMENT) 40420  
CHANGE CONTROL FORM M-43-95-01

The U.S. Department of Energy, Richland Operations Office (RL) acknowledges receipt of disapproval on the Tri-Party Agreement Change Control Form M-43-95-01, as transmitted on February 22, 1995, at the Tri-Party Agreement Project Managers Meeting. RL still believes there is a need for changes to the M-43 interim milestones and target dates associated with the W-314 Tank Farm Restoration and Safe Operation Project. This letter is to notify you that RL wishes to enter into dispute resolution on the change request, as provided in Article VIII of the Tri-Party Agreement.

We look forward to working with the Washington State Department of Ecology and the U.S. Environmental Protection Agency Unit Managers over the next thirty days on this matter. Key Decision 0 (KD-0) has now been received for Project W-314, which allows RL to proceed with conceptual design for the project. Receipt of KD-0 also allows RL to provide some additional definition on project timelines. We are confident that we can work with your Unit Managers to reach an early resolution on the issues presented in the change request.

Please call me, or Mr. M. L. Ramsay, of the Tank Waste Projects Division, on (509) 376-7924 if you have any questions.

Sincerely,

*SAHW*  
Steven H. Wisness  
Hanford Project Manager
