Re: 241-C-110 Tank Waste Retrieval Work Plan, RPP-33116, Revision 1

Dear Ms. Olinger:

Following the June 10, 2008, meeting with the United States Department of Energy-Office of River Protection's (USDOE-ORP) contractor and the USDOE-ORP Tank Farm Project Manager, the Department of Ecology has agreed to approve the initiation of waste retrieval.

This letter gives you unconditional approval to proceed with retrieval. We anticipate that the proposed comment resolutions will meet our expectations; however, we will review the final document when transmitted.

If there are any questions, contact me at 509-372-7914.

Sincerely,

Jeffery J. Lyon  
Tank Waste Storage Project Manager  
Nuclear Waste Program
