State of Washington
Department of Ecology
MS PV-11
Olympia, Washington 98504-8711

Dear Mr. Lufkin:

CERTIFICATION OF UNDERGROUND STORAGE TANKS (USTs)

Enclosed are 48 completed Underground Storage Tank Self-Certification of Compliance Forms for the USTs requiring permits on the Hanford Site. Also enclosed is a signed statement from Mr. John D. Wagoner, Manager, DOE Field Office, Richland (RL), certifying that the stamped version of his signature will be substituted as legal signature for all 48 tanks.

Please validate the permits and return them to RL, as quickly as possible. The invoices for the permit fees have been received and are being processed for payment through our financial system.

If you have any questions or require additional information, please call Mr. Paul Pak at (509) 376-4798.

Sincerely,

E. A. Bracken

DON'T SAY IT--WRITE IT!!!

DATE: June 24, 1991

TO: M. A. Mihalic

**FROM: N. E. Darling
WIC/Lacey**

SUBJECT: UST PERMITS

I talked with Bruce Smith and Thom Lufkin (Ecology) concerning our dilemma on obtaining UST permits by July 1, 1991. It turns out they cannot give us a temporary permit but they are willing to work with us in other ways.

I was told that half of the forms were sent out last Friday and the other half will be sent out tomorrow. Unfortunately, they were not sent to a specific person, only to DOE-RL Operations so it may take some time to get them from the mailroom. These forms need to be signed (to verify compliance) and returned. Ecology will send the permits upon receipt of the signed forms.

Ecology recognizes that this is a very short time frame and is willing to "bend the rules" somewhat to help us out. Ecology has agreed to issue the permits without receiving the required fee as long as we write a letter saying we intend to pay the fee as soon as our procurement process enables us to. This letter should be submitted with the signed forms. Ecology has also instructed product distributors to give tank owners a grace period which will allow product to be distributed one time without a permit. Thom Lufkin will personally call any distributors to instruct them to deliver product at Hanford if we need him to do so. These actions on Ecology's part should allow us to continue to operate until we get our permits in hand.

Ecology admits they dropped the ball on this one but we should still concentrate on getting the forms and fees to Ecology ASAP. Give me a call if you need my help on getting any of this taken care of.
