Dear Messrs. Day and Nord:

TRANSMITTAL OF THE LIQUID EFFLUENT STUDY PROJECT PLAN

Enclosed for your approval is the revised Liquid Effluent Study Project Plan, WHC-EP-0275, Rev. 2 (final). The Draft Liquid Effluent Study Project Plan, WHC-EP-0275, Rev. 1, was submitted to the Washington Department of Ecology (Ecology) and the U.S. Environmental Protection Agency (EPA) at the end of September 1989 for review and approval. The changes incorporated in Rev. 2 were made in response to comments received from the EPA on Rev. 1. These comments were addressed in a series of meetings with the EPA and were provided to Ecology for review. We believe that this revision satisfies the concerns that the EPA expressed. We did not receive any written comments from Ecology.

Please indicate your approval by signing the enclosed concurrence page by March 30, 1990. The signed concurrence page will be incorporated into Rev. 2 as Appendix B.

In the absence of a finalized document, the Liquid Effluent Study is being conducted according to the plan and schedule outlined in WHC-EP-0275, Rev. 1. The Final Report is to be submitted to you on August 31, 1990.

Messrs. Day and Nord
