RE: Change Control Form M-20-91-3

Dear Mr. Wisness,

This letter acknowledges receipt today of your cover letter and a Class II Change Control Form to revise Interim Milestone M-20-20. The requested revision would add the 3100 Hazardous Waste Treatment Unit to the 325 Building Waste Treatment Unit RCRA Part B Permit Application. This request would also delay submission of this application from the existing due date of August 31, 1991 to April 30, 1992.

Receipt of this request hours before close of business of the last day on which it could be considered does not allow sufficient time to make a determination. Accordingly, this matter will be addressed early next week. Ecology not making a determination at this time should not be interpreted in any way as approval of this request.

If you or your staff have questions regarding the status of this request, please contact Mr. Toby Michelena at (206) 438-7016.

Sincerely,

Larry Goldstein  
Hanford Project Manager (Acting)  
Nuclear & Mixed Waste Management
