Mr. David B. Jansen, P.E.  
Hanford Project Manager  
State of Washington  
Department of Ecology  
Post Office Box 47600  
Olympia, Washington 98504-7600

Dear Mr. Jansen:

DRAWINGS AT THIRTY PERCENT DESIGN OF THE 242-A EVAPORATOR/PLUTONIUM-URANIUM EXTRACTION PLANT CONDENSATE TREATMENT FACILITY (PROJECT C-018H) FOR THE STATE OF WASHINGTON DEPARTMENT OF ECOLOGY

This letter transmits drawings for the 242-A Evaporator/PUREX Plant Condensate Treatment Facility (Project C-018H). Project C-018H is currently in the thirty percent design stage.

The proposed Project C-018H is a collection, treatment, and disposal facility to be located east of the 200 East Area on the Hanford Site. Project C-018H will collect, treat, and dispose of the 242-A evaporator process condensate and the Plutonium-Uranium Extraction plant process condensate and ammonia scrubber distillate.

The drawings (five copies) are submitted to the State of Washington Department of Ecology for review and comment. This will provide Ecology with an opportunity for input so that project delays may be avoided, and will help ensure that Project C-018H is in compliance with all applicable state laws and regulations.
