Dear Mr. Morse:

This letter transmits to the U.S. Department of Energy (DOE), Richland Operations Office (RL), three (3) copies of the *Status of Hanford Site Risk Assessment Integration, FY 2005 (DOE/RL-2005-37, Revision 0)* for your use. The document is primarily a product developed by the contractors performing major risk assessments at the Hanford Site including Bechtel Hanford Inc., CH2M HILL Hanford, Inc., CH2M HILL Hanford Group, Inc., Fluor Hanford, Inc., and Pacific Northwest National Laboratory.

The Draft A was reviewed by Washington State Department of Ecology, U.S. Environmental Protection Agency, the Tribes, and the Natural Resource Trustee Council. The review comments have been incorporated as agreed in the comment resolution meeting held on April 28, 2005. The comment resolution list is included for your use. This document is a tool that is supporting a new process for integrating Hanford Site Risk Assessments. Comments which could not be resolved during the comment resolution meeting have placed on a Topics of Interest list (included for your use) that will be used for discussions in the new process for integrating Hanford Site Risk Assessments.

If you have any questions regarding this document, please contact Mr. Tom Marceau at (509) 372-9289 or Mr. Tim Lee at (509) 372-9143.

Sincerely,

D. D. Teel, Manager
