ANALYTICAL REPORT

Job Number: 280-19015-1

SDG Number: JP0259

Job Description: SAF# RC-074

For:

Washington Closure Hanford
2620 Fermi Avenue
Richland, WA 99354

Attention: Joan H Kessner

A handwritten signature in black ink, which appears to be "Michael T. Dedio".

Approved for release.
Michael T Dedio
Project Mgmt. Assistant
8/17/2011 11:33 AM

Designee for
Kae E Yoder
Project Manager II
kae.yoder@testamericainc.com
08/17/2011

The test results in this report relate only to the samples in this report and meet all requirements of NELAC, with any exceptions noted. Pursuant to NELAP, this report shall not be reproduced except in full, without the written approval of the laboratory. All questions regarding this report should be directed to the TestAmerica Denver Project Manager.

The Lab Certification ID# is E87667.

Reporting limits are adjusted for sample size used, dilutions and moisture content if applicable.

CASE NARRATIVE

Client: Washington Closure Hanford

Project: WASHINGTON CLOSURE HANFORD

Report Number: 280-19015-1

SDG #: JP0259

SAF#: RC-074

Date SDG Closed: August 10, 2011

Data Deliverable: 7 Day / Summary

<u>CLIENT ID</u>	<u>LAB ID</u>	<u>ANALYSES REQUESTED</u>	<u>ANALYSES PERFORMED</u>
J1K867	280-19015-1	1311	1311
J1K868	280-19015-2	1311	1311
J1K869	280-19015-3	1311	1311
J1K870	280-19015-4	1311	1311
J1K871	280-19015-5	1311	1311
J1K872	280-19015-6	1311-6010-7470	1311-6010B-7470A

I certify that this data package is in compliance with the SOW, both technically and for completeness, for other than the conditions detailed in this Case Narrative. Release of the data contained in this hard copy data package has been authorized by the Laboratory Manager or a designee, as verified by the signature on the Report Cover.

With exceptions noted as flags or footnotes, standard analytical protocols were followed in the analysis of the samples and no problems were encountered or anomalies observed. All laboratory quality control samples analyzed in conjunction with the samples in this project were within established control limits, with any exceptions noted. Calculations are performed before rounding to avoid round-off errors in calculated results.

All holding times were met and proper preservation noted for the methods performed on these samples, unless otherwise detailed in the individual sections below.

RECEIPT

The samples were received on 8/10/2011; the sample arrived in good condition, properly preserved and on ice. The temperature of the cooler at receipt was 3.6 C.

TCLP Metals analyses were placed on hold per the chain of custody. The samples were leached/extracted and placed on hold pending the Client's activation request.

Sample J1K872 was logged as TCLP leach and run per Joan Kessner's request on 8/10/2011, during a phone conversation. All other samples we canceled per the client's e-mail request on 8/17/2011.

TCLP METALS - SW846 1311/6010B/7470A

Low levels of Barium and lead are present in the method blank associated with batch 280-81041. Because the concentrations in the method blank are not present at levels greater than half the reporting limit, corrective action is deemed unnecessary.

No other anomalies were encountered.

DATA REPORTING QUALIFIERS

Client: Washington Closure Hanford

Job Number: 280-19015-1

Sdg Number: JP0259

<u>Lab Section</u>	<u>Qualifier</u>	<u>Description</u>
Metals	U	Analyzed for but not detected.
	B	Estimated result. Result is less than the RL, but greater than MDL

After printing this label:

1. Use the 'Print' button on this page to print your label to your laser or inkjet printer.
2. Fold the printed page along the horizontal line.
3. Place label in shipping pouch and affix it to your shipment so that the barcode portion of the label can be read and scanned.

Warning: Use only the printed original label for shipping. Using a photocopy of this label for shipping purposes is fraudulent and could result in additional billing charges, along with the cancellation of your FedEx account number.

Use of this system constitutes your agreement to the service conditions in the current FedEx Service Guide, available on fedex.com. FedEx will not be responsible for any claim in excess of \$100 per package, whether the result of loss, damage, delay, non-delivery, misdelivery, or misinformation, unless you declare a higher value, pay an additional charge, document your actual loss and file a timely claim. Limitations found in the current FedEx Service Guide apply. Your right to recover from FedEx for any loss, including intrinsic value of the package, loss of sales, income interest, profit, attorney's fees, costs, and other forms of damage whether direct, incidental, consequential, or special is limited to the greater of \$100 or the authorized declared value. Recovery cannot exceed actual documented loss. Maximum for items of extraordinary value is \$500, e.g. jewelry, precious metals, negotiable instruments and other items listed in our Service Guide. Written claims must be filed within strict time limits, see current FedEx Service Guide.
