The Hanford Cleanup Agencies Want Your Comments on the

Proposed Hanford Environmental Restoration Disposal Facility

You have an opportunity to express your opinion on the plan for a Hanford Environmental Restoration Disposal Facility (ERDF) landfill. The proposed facility would accept hazardous, (chemical), low-level radioactive, and mixed (combined hazardous chemical and radioactive) wastes from the Hanford Site under the Comprehensive Environmental Response, Compensation, and Liability Act.

SEND WRITTEN COMMENTS TO:

200-ZP-1 Operable Unit Proposed Plan

The proposed plan for pumping and treatment of groundwater contamination in the 200 West Area of the Hanford Site is available for public comment. Currently, a treatability test is underway to determine the effectiveness of the pump and treat process.
