Dear Mary,

Enclosed please find a letter we received in December from Brian Fogde requesting information about hazardous waste and its affects on organisms surrounding the Hanford Site. Also please find a letter in response to Mr. Fogde indicating HEHF is not the appropriate contractor to respond to his inquiries, and that HEHF will forward his request to the Department of Energy.

Please feel free to contact me if you have any questions. I hope that you are the appropriate party to which this letter should be forwarded.

Sincerely,

Sandra J. Matheson
President
