| Change Title Groundwater Protection, Monitoring and Remediation Well Installation Priority List Update Through CY 2015, including a new TPA Interim Milestone and TPA Target date. | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | |
| Description/Justification of Change This change package completes the 2012 Hanford Federal Facility Agreement and Consent Order (TPA) Target Date M-024-63-T01 requirement to conclude discussions of well commitments initiated under M-024-58 by August 1, 2012, and to add a new interim M-024 milestone commitment to incorporate new CY 2015 well installations to maintain a three-year rolling, prioritized well drilling schedule. The Parties have successfully concluded discussions, and by approval of this change package, establish new Interim TPA Milestone M-024-66 for completion of CY 2015 well installations. This change package also creates an August 1, 2015 target date for concluding annual well discussions for well installations through CY 2018. The target date is established as M-024-66-T01. <i>Continued on page 2</i> | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | |

Description/Justification of Change

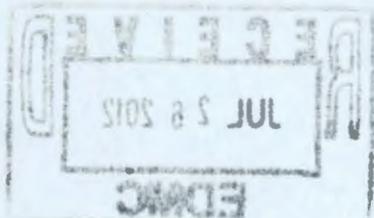

Continued from page 1

The Parties agree that when a monitoring well is drilled and subsequently is found to be "dry," that the well will still count toward meeting M-024 well drilling totals.

Approval of this change package updates the list of monitoring wells planned to be drilled/constructed in CY 2013 and CY 2014, as well as provides the list of wells for CY 2015. Monitoring wells identified to be drilled/constructed in the years CY 2013 through CY 2015 are identified in Attachment 1. Attachment 1 lists the planned installation calendar year for each monitoring well. Attachment 2, provided for information only, includes anticipated treatment wells that are not part of the M-024 milestone.

Changes to Interim Milestones and Target Dates are displayed by double-underline to indicate addition of text and by ~~strikeout~~ to indicate deletion of text.
