Dear Mr. Holt:

This letter is in response to your submittal of August 10, 1993, requesting approval to the Carbon Dioxide Decontamination Facility. My staff has reviewed your submittal and the additional information provided, and based on that review I have determined that the proposed facility, if properly operated, will not cause emissions to exceed the standards of Title 40 Code of Federal Regulations (40 C.F.R.) Part 61, Subpart H. In accordance with 40 C.F.R. 61.08, I hereby grant approval of construction of the Carbon Dioxide Decontamination Facility as described.

If you have any questions regarding this approval, please contact me at (206) 553-4152, or Richard Poeton at (206) 553-8633 for technical matters.

Sincerely,

for *George Abel*
