Re: United States Department of Energy (USDOE) M-91-42 Milestone Requirement 2.D.

Dear Mr. Brockman:

The Department of Ecology received your letter 08-AMCP-0156 on April 9, 2008, notifying us that USDOE completed Requirement 2.D. of the M-91-42 Milestone. This milestone required USDOE to complete treatment of 6,520 (cumulative) cubic meters of contact-handled mixed low level waste (MLLW) by December 31, 2007.

Ecology is pleased with the efforts of USDOE as the M-91-42 MLLW Milestone was completed ahead of schedule. If you have any questions, please contact me at 509-372-7923.

Sincerely,

Deborah Singleton
Waste Management Project Manager
Nuclear Waste Program
