Summary of Discussion

**Unit Managers Meeting
303-K Mixed Waste Storage Facility Closure Plan
TELECONFERENCE**

January 27, 1992

The main topic for this meeting was the status of Ecology's review of the responses to the Notice of Deficiency (NOD) comments of the 303-K closure work plan. Completion of Ecology's review is expected by the end of February 1992 or sooner. Most of the remaining issues involve integration of the closure approach with Ecology's closure policy. Various methods are being considered by Ecology for determining concrete background, such as TCLP.

The next Unit Managers Meeting is scheduled Tuesday, March 3, 1992 in Richland, Washington.
