Hi Terri,

Please transmit the attached cover letter to the Hanford Natural Resource Trustee Council (HNRTC) members for their review. When we have the cover letter finalized I can sign an original on letterhead that you can mail out to all of the authorized agency officials with the PAD and the council finding. Barry Stein, our attorney in the Solicitor's Office has reviewed the letter and was OK with it. He said the HNRTC finding signed by four of the HNTRC representatives is a council product and any decision on the PAD needs to be made by the agency authorized officials. Barry recommended that I put in the last sentence, that the DOI had not signed the finding, however I as a DOI employee, was transmitting the letter as Chair in accordance with Administrative Duties of the council. Sorry this has taken so long but it is hard to get any of Barry Steins time.

Thanks Tom
