COMPLETION OF TRI-PARTY AGREEMENT TARGET MILESTONE MX-92-11-T01,  
 COMPLETE DISPOSITION OPTIONS FOR ALL HANFORD NON-RADIOACTIVE  
 SODIUM

The purpose of this letter is to inform you of the completion of Hanford Federal Facility Agreement and Consent Order (Tri-Party Agreement) target Milestone MX-92-11-T01, "Complete disposition options for all Hanford non-radioactive sodium by September 30, 2004."

Tri-Party Agreement target date Milestone MX-92-11-T01 was completed on August 25, 2004. This has taken several years of work to complete. Over 60,000 gallons of non-radioactive sodium from the 100, 200 and 300 Areas have been shipped offsite and several sodium tanks and test loops have been cleaned of sodium residuals. The final activity was the shipment of the sodium cold trap from the 337 Building to Creative Engineers Incorporated in Pennsylvania.

If you have questions, please contact me, or your staff may contact Shirley J. Olinger, Acting Assistant Manager for the River Corridor, on (509) 376-6628.

Sincerely,

Keith A. Klein  
 Manager
