Re: Due Date Change Request for the Revision of the 304 Concretion Facility and the 303-K Radioactive Mixed Waste Storage Facility Closure Plans

Dear Mr. Wisness:

I have received your letter requesting a change of the January 8, 1991, due date for the submittal of the revised 304 Concretion Facility and the 303-K Radioactive Mixed Waste Storage Facility Closure Plans. Ecology will allow a ninety day extension for submittal of these revisions to April 8, 1991. Ecology will also require proposed text (as requested in the Notices of Deficiency dated November 6, 1990) to be submitted for Ecology's review on or before January 30, 1991.

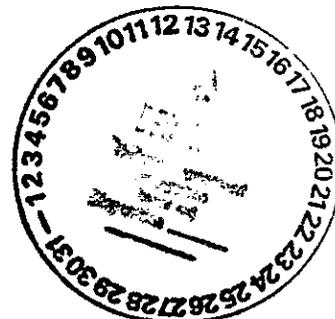

An open-ended due date for submittal of these documents may lead to unnecessary delays resolving issues and producing the documents. It is anticipated that by working closely together during the process of revising these closure plans that unnecessary document revision and duplication will be prevented.

If you have any questions, please contact Ms. M. E. Lerchen at (206) 438-3089.

Sincerely,

Timothy L. Nord  
Hanford Project Manager
