

**Change Notice for Modifying Approved Documents/ Workplans
In Accordance with the Tri-Party Agreement Action Plan,
Section 9.0, Documentation and Records**

Change Number TPA-CN-325		Document Submitted Under Tri-Party Agreement Milestone N/A		Date: January 27, 2010	
Document Number and Title: <i>Investigation Derived Waste Purgewater Management Work Plan, DOE/RL-2009-80, Rev. 0</i>				Date Document Last Issued: September 2009	
Originator: John Winterhalder			Phone: 373-2522		
Description of Change: Modify section 4.2.3 Maintenance of Sediments to allow use of appropriate controls other than water, e.g., fixatives or covers, if needed, as determined by health physics personnel.					
<p><u>Doug Hildebrand</u> and <u>Dave Einan</u> agree that the proposed change modifies an approved RL Lead Regulatory Agency workplan/document and will be processed in accordance with the Tri-Party Agreement Action Plan, Section 9.0, <i>Documentation and Records</i>, and not Chapter 12.0, <i>Changes to the Agreement</i>.</p>					
Justification and Impacts of Change:					
<p>Maintenance activities at the Modular Storage Units may require that as much water as possible be removed from a particular unit, therefore appropriate alternative controls (besides the use of water) are needed for preventing the suspension of accumulated sediments. This change would apply the same controls that are allowed under the Notice of Construction for operation of the Purgewater Storage and Treatment Facility Unit #1.</p> <p>Section 4.2.3, Maintenance of Sediments, in the above reference work plan would be replaced by the following:</p> <p>Sediments accumulated in the Modular Storage Units are potentially contaminated and controls such as water, fixatives, or covers will be applied, if needed, as determined by health physics personnel.</p>					
Approvals:					
 _____ DOE-RL		1-28-10 _____ Date	<input checked="" type="checkbox"/> Approved	<input type="checkbox"/> Disapproved	
 _____ EPA		1/28/10 _____ Date	<input checked="" type="checkbox"/> Approved	<input type="checkbox"/> Disapproved
