Dear Ms. Dallas:

Please reference my letter to you dated April 29, 2004, granting a storage time extension for the treated Kaiser-Hill (Rocky Flats) waste until May 15, 2004. At this time, the Department of Ecology (Ecology) is granting a one week extension for storage of the waste until May 22. Ecology will decide whether to grant an additional extension or extensions, on or before May 22. Any future decision by Ecology will ensure that sufficient time is allowed to safely dispose of this material.

This extension shall not be construed as approval by Ecology for disposal of the subject waste at Hanford, nor as any admission nor representation as to the adequacy of the Hanford Solid Waste Environmental Impact Statement.

If you have questions, please contact me at (509) 736-5703 or sder461@ecy.wa.gov.

Sincerely,

Sterling L. Derrick
