Dear Mr. McCormick:

Re: Extension of Comment Response Period for the *200-IS-1 Work Plan and Sampling and Analysis Plans*, DOE/RL-2002-14, Revision 1, Draft B

Reference: Letter 08-AMCP-0060, dated December 6, 2007, from M. S. McCormick, USDOE, to J. A. Hedges, Ecology, "Response to Comments for the 200-IS-1 Work Plan and Sampling and Analysis Plans"

The Department of Ecology is extending the comment response period for the referenced document an additional 14 days, to February 18, 2008. This is in accordance with Section 9.2.1 of the Hanford Federal Facility Agreement and Consent Order Action Plan. This extension is necessary for further comment resolution discussions in an effort to avoid requiring dispute resolution for a major portion of the comments.

If there are any questions, contact me at 509-372-7921.

Sincerely,

John B. Price
Environmental Restoration Project Manager
Nuclear Waste Program
