Teri,

Could you distribute a message to all members calling for agenda items and include a statement requesting everyone to review the HNRTC web site before the meeting. This will allow for meaningful discussion on the updated contents and to see if everyone likes it or if it needs some modifications.

Agenda items I have so far include:

vice chair/By-Laws/all
Chromium Study update/Dan Audet?
USFWS Preaquisition/DDT report/Rick Roy?
ERDF mitigation update/Darci
116-C-1 revegetation update/Darci
Tribal Trial Project/Jamie
W-519 mitigation update/Jamie/Dennis Bowser
Draft Finding 98-05 (Geologic Source Sites)/Jay
Draft Finding 98-06 (Letter of Recognition for Gable Pond
revegetation)/Dan Landeen
Web Site
next meeting (when and where)/all
100 Area assessment Plan

Thanks much! JAY
