I had an action item at the last trustee meeting to complete a new draft of the hanford reach news article. I had Laree help me with this and the revised version is attached. I can't claim that it is not still rather dry and technical in context, however i think it covers all the basic issues the council deals with and tells a complete story. I have some pictures i will bring alongas well. this is being sent to everyone so we can discuss at the up coming meeting. There is a version in wordperfect and in MS word
