HANFORD WILL ILLEGALLY DUMP OVER 1 BILLION GALLONS OF WASTE INTO OUR SOILS AND WATER IN 1992.

Dear Governor:

- ⊕ The Westinghouse Hanford Co. and USDOE are knowingly breaking federal and state clean water laws by discharging untreated radioactive and hazardous waste.
- ⊕ You have not stopped the disposal of 210 million gallons into the 300 Area trench next to the Columbia River.
- ⊕ You promised to stop the use of this site in December, 1991.

- ⊕ Yet, you will allow the USDOE to spill waste at this contaminated site until 1995.
- ⊕ You are responsible for protecting the Columbia River and the citizens of this State.
- ⊕ **PLEASE STOP this illegal and dangerous dumping at Hanford!**

Sincerely, 
Mrs. David S. Sherwood
2413 45th St Vancouver wa 98663

HANFORD WILL ILLEGALLY DUMP OVER 1 BILLION GALLONS OF WASTE INTO OUR SOILS AND WATER IN 1992.

Dear Governor:

- Ⓢ The Westinghouse Hanford Co. and USDOE are knowingly breaking federal and state clean water laws by discharging untreated radioactive and hazardous waste.
- Ⓢ You have not stopped the disposal of 210 million gallons into the 300 Area trench next to the Columbia River.
- Ⓢ You promised to stop the use of this site in December, 1991.

- Ⓢ Yet, you will allow the USDOE to spill waste at this contaminated site until 1995.
- Ⓢ You are responsible for protecting the Columbia River and the citizens of this State.
- Ⓢ **PLEASE STOP this illegal and dangerous dumping at Hanford!**

Sincerely,

Stanley A. Dener

Sincerely,

How much longer are you going to allow this to continue?

HANFORD WILL ILLEGALLY DUMP OVER 1 BILLION GALLONS OF WASTE INTO OUR SOILS AND WATER IN 1992.

Dear Director:

- ⊕ The Westinghouse Hanford Co. and USDOE are knowingly breaking federal and state clean water laws by discharging untreated radioactive and hazardous waste.
- ⊕ You have not stopped the disposal of 210 million gallons into the 300 Area trench next to the Columbia River.
- ⊕ You promised to stop the use of this site in December, 1991.

- ⊕ Yet, you will allow the USDOE to spill waste at this contaminated site until 1995.
- ⊕ You are responsible for protecting the Columbia River and the citizens of this State.
- ⊕ **PLEASE STOP** this illegal and dangerous dumping at Hanford!

Sincerely,

HANFORD WILL ILLEGALLY DUMP OVER 1 BILLION GALLONS OF WASTE INTO OUR SOILS AND WATER IN 1992.

⊕ You have not stopped the disposal of 210 million gallons into the 300 Area trench next to the Columbia River.

⊕ You promised to stop the use of this site in December, 1991.

⊕ Yet, you will allow the USDOE to spill waste at this contaminated site until 1995.

⊕ You are responsible for protecting the Columbia River and the citizens of this State.

⊕ PLEASE STOP this illegal and dangerous dumping at Hanford!

Sincerely,

Sally Chasey

OFFICE OF THE GOVERNOR

HANFORD WILL ILLEGALLY DUMP OVER 1 BILLION GALLONS OF WASTE INTO OUR SOILS AND WATER IN 1992.

Dear Governor:

- ⊗ The Westinghouse Hanford Co. and USDOE are knowingly breaking federal and state clean water laws by discharging untreated radioactive and hazardous waste.
- ⊗ You have not stopped the disposal of 210 million gallons into the 300 Area trench next to the Columbia River.
- ⊗ You promised to stop the use of this site in December, 1991.

- ⊗ Yet, you will allow the USDOE to spill waste at this contaminated site until 1995.
- ⊗ You are responsible for protecting the Columbia River and the citizens of this State.
- ⊗ **PLEASE STOP** this illegal and dangerous dumping at Hanford!

Sincerely,
Patricia Cawthon

Dear Governor Gardner;

JUN 01 1992

High-Level Nuclear Waste does not belong in Seattle's congested traffic, or on the floating bridge, or Snoqualmie Pass. Nor should High-Level Wastes be brought into the Ports of Seattle or Tacoma, where a shipboard fire would be a catastrophe. Yet the US Department of Energy (USDOE) — the same agency that removed radiation warning signs when you visited Hanford — plans to bring 481 irradiated nuclear reactor fuel shipments through our ports. USDOE wants to ship these wastes without considering alternatives and risks in an Environmental Impact Statement, as the law requires. Please act to require the USDOE to comply with the law and do an EIS before these wastes start rolling. Please ask the federal courts to enforce this law and stop the shipments.

Yours Truly,

DIRECTOR'S OFFICE

Dear Director,

MAY 01 1992

Hanford will dump over *one billion gallons* of untreated wastes into our soil and water in 1992. State law forbids the discharge of untreated and unpermitted liquid waste. ~~These~~ radioactive and toxic wastes threaten the Columbia River. Our Department of Ecology agreed to let Hanford discharge these wastes without permits.

The public has not been offered any chance to comment on this agreement. Please hold public hearings to comment on these waste discharges. Please let me know what you are going to do to STOP Hanford from illegally dumping liquid radioactive and toxic wastes!

Printed on Recycled Paper

Hanford will dump over *one billion gallons* of untreated wastes into our soil and water in 1992. State law forbids the discharge of untreated and unpermitted liquid waste. These radioactive and toxic wastes threaten the Columbia River. Our Department of Ecology agreed to let Hanford discharge these wastes without permits.

The public has not been offered any chance to comment on this agreement. *Please hold public hearings* to comment on these waste discharges. Please let me know what you are going to do to STOP Hanford from illegally dumping liquid radioactive and toxic wastes!

Dear Governor Gardner,

Hanford will dump over *one billion gallons* of untreated wastes into our soil and water in 1992. State law forbids the discharge of untreated and unpermitted liquid waste. These radioactive and toxic wastes threaten the Columbia River. Our Department of Ecology agreed to let Hanford discharge these wastes without permits.

The public has not been offered any chance to comment on this agreement. Please hold public hearings to comment on these waste discharges. Please let me know what you are going to do to STOP Hanford from illegally dumping liquid radioactive and toxic wastes!

MAY 03 1992

MAY 05 1992

Dear Director,

- Hanford will dump over *one billion gallons* of untreated wastes into our soil and water in 1992. State law forbids the discharge of untreated and unpermitted liquid waste. These radioactive and toxic wastes threaten the Columbia River. Our Department of Ecology agreed to let Hanford discharge these wastes without permits.

The public has not been offered any chance to comment on this agreement. Please hold public hearings to comment on these waste discharges. Please let me know what you are going to do to STOP Hanford from illegally dumping liquid radioactive and toxic wastes!

Make sure you hold one in Seattle!

It's hard to believe there is condoned. In studying radiation biology back east we carefully dried every drop of waste to bury safely "out east." Why did we bother! The long term consequences of this dumping - even low level - are very frightening.

Dear Governor Gardner;

Hanford will dump over *one billion gallons* of untreated wastes into our soil and water in 1992. State law forbids the discharge of untreated and unpermitted liquid waste. These radioactive and toxic wastes threaten the Columbia River. Our Department of Ecology agreed to let Hanford discharge these wastes without permits.

The public has not been offered any chance to comment on this agreement. *Please hold public hearings* to comment on these waste discharges. Please let me know what you are going to do to STOP Hanford from illegally dumping liquid radioactive and toxic wastes!

DIRECTOR'S OFFICE

Dear Director,

Hanford will dump over *one billion gallons* of untreated wastes into our soil and water in 1992. State law forbids the discharge of untreated and unpermitted liquid waste. These radioactive and toxic wastes threaten the Columbia River. Our Department of Ecology agreed to let Hanford discharge these wastes without permits.

The public has not been offered any chance to comment on this agreement. *Please hold public hearings* to comment on these waste discharges. Please let me know what you are going to do to STOP Hanford from illegally dumping liquid radioactive and toxic wastes!

HANFORD WILL ILLEGALLY DUMP OVER 1 BILLION GALLONS OF WASTE INTO OUR SOILS AND WATER IN 1992.

Dear Governor:

- ⊕ The Westinghouse Hanford Co. and USDOE are knowingly breaking federal and state clean water laws by discharging untreated radioactive and hazardous waste.
- ⊕ You have not stopped the disposal of 210 million gallons into the 300 Area trench next to the Columbia River.
- ⊕ You promised to stop the use of this site in December, 1991.

- ⊕ Yet, you will allow the USDOE to spill waste at this contaminated site until 1995.
- ⊕ You are responsible for protecting the Columbia River and the citizens of this State.
- ⊕ **PLEASE STOP this illegal and dangerous dumping at Hanford!**

Sincerely,

Bradley Detering

**HANFORD WILL ILLEGALLY DUMP OVER 1 BILLION
GALLONS OF WASTE INTO OUR SOILS AND WATER IN 1992.**

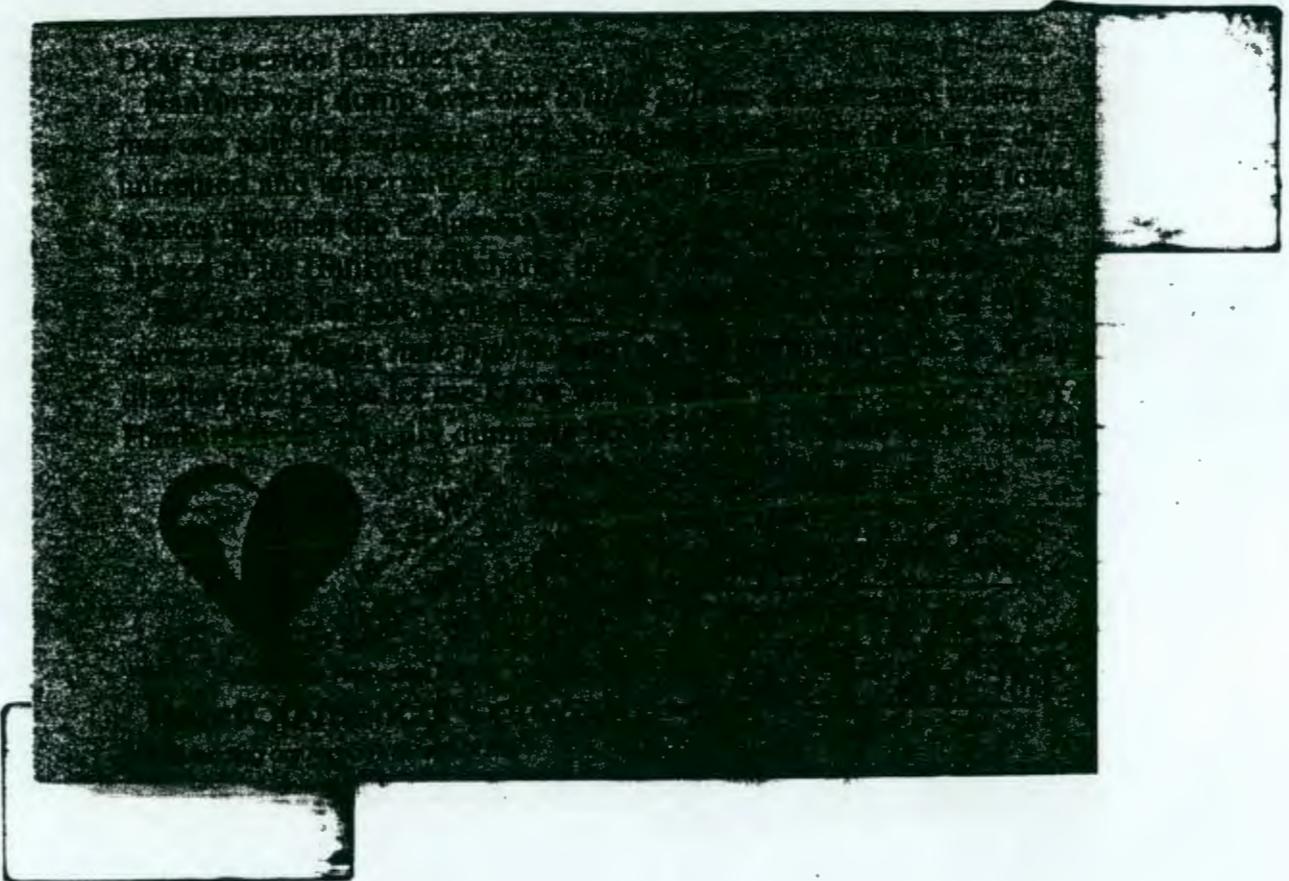

Dear Director:

- ⊕ The Westinghouse Hanford Co. and USDOE are knowingly breaking federal and state clean water laws by discharging untreated radioactive and hazardous waste.
- ⊕ You have not stopped the disposal of 210 million gallons into the 300 Area trench next to the Columbia River.
- ⊕ You promised to stop the use of this site in December, 1991.

- ⊕ Yet, you will allow the USDOE to spill waste at this contaminated site until 1995.
- ⊕ You are responsible for protecting the Columbia River and the citizens of this State.
- ⊕ **PLEASE STOP** this illegal and dangerous dumping at Hanford!

Sincerely,

Laurie Ford

Dear Director,

Hanford will dump over *one billion gallons* of untreated wastes into our soil and water in 1992. State law forbids the discharge of untreated and unpermitted liquid waste. These radioactive and toxic wastes threaten the Columbia River. Our Department of Ecology agreed to let Hanford discharge these wastes without permits.

The public has not been offered any chance to comment on this agreement. *Please hold public hearings* to comment on these waste discharges. Please let me know what you are going to do to STOP Hanford from illegally dumping liquid radioactive and toxic wastes!

**HANFORD WILL ILLEGALLY DUMP OVER 1 BILLION
GALLONS OF WASTE INTO OUR SOILS AND WATER IN 1992.**

Dear Governor:

- ⊕ The Westinghouse Hanford Co. and USDOE are knowingly breaking federal and state clean water laws by discharging untreated radioactive and hazardous waste.
- ⊕ You have not stopped the disposal of 210 million gallons into the 300 Area trench next to the Columbia River.
- ⊕ You promised to stop the use of this site in December, 1991.

- ⊕ Yet, you will allow the USDOE to spill waste at this contaminated site until 1995.
- ⊕ You are responsible for protecting the Columbia River and the citizens of this State.
- ⊕ **PLEASE STOP** this illegal and dangerous dumping at Hanford!

Sincerely,

Dan Rostenkowski

Dear Governor:

⊕ The Westinghouse Hanford Co. and USDOE are knowingly breaking federal and state clean water laws by discharging untreated radioactive and hazardous waste.

⊕ You have not stopped the disposal of 210 million gallons into the 300 Area trench next to the Columbia River.

⊕ You promised to stop the use of this site in December, 1991.

⊕ Yet, you will allow the USDOE to spill waste at this contaminated site until 1995.

⊕ You are responsible for protecting the Columbia River and the citizens of this State.

⊕ **PLEASE STOP** this illegal and dangerous dumping at Hanford!

Sincerely,

Paul Meyer

HANFORD WILL ILLEGALLY DUMP OVER 1 BILLION GALLONS OF WASTE INTO OUR SOILS AND WATER IN 1992.

Dear Director:

- ⊕ The Westinghouse Hanford Co. and USDOE are knowingly breaking federal and state clean water laws by discharging untreated radioactive and hazardous waste.
- ⊕ You have not stopped the disposal of 210 million gallons into the 300 Area trench next to the Columbia River.
- ⊕ You promised to stop the use of this site in December, 1991.

- ⊕ Yet, you will allow the USDOE to spill waste at this contaminated site until 1995.
- ⊕ You are responsible for protecting the Columbia River and the citizens of this State.
- ⊕ **PLEASE STOP** this illegal and dangerous dumping at Hanford!

Sincerely,

Ingrid L. Esuna

**HANFORD WILL ILLEGALLY DUMP OVER 1 BILLION
GALLONS OF WASTE INTO OUR SOILS AND WATER IN 1992.**

Dear Director:

JUN 01 1992

- ⊗ The Westinghouse Hanford Co. and USDOE are knowingly breaking federal and state clean water laws by discharging untreated radioactive and hazardous waste.
- ⊗ You have not stopped the disposal of 210 million gallons into the 300 Area trench next to the Columbia River.
- ⊗ You promised to stop the use of this site in December, 1991.

- ⊗ Yet, you will allow the USDOE to spill waste at this contaminated site until 1995.
- ⊗ You are responsible for protecting the Columbia River and the citizens of this State.
- ⊗ **PLEASE STOP** this illegal and dangerous dumping at Hanford!

Sincerely,

**HANFORD WILL ILLEGALLY DUMP OVER 1 BILLION

Dear Mr. Clarke:

I strongly believe that DOE must be held accountable as now designated in the Hanford site wide permit for all the treatment, disposal & storage sites at Hanford

Please do not bow to changes requested by DOE. The permit should be issued as is.

Sincerely, *Barb Richardson*

Dear Director:

- ⊗ The Westinghouse Hanford Co. and USDOE are knowingly breaking federal and state clean water laws by discharging untreated radioactive and hazardous waste.
- ⊗ You have not stopped the disposal of 210 million gallons into the 300 Area trench next to the Columbia River.
- ⊗ You promised to stop the use of this site in December, 1991.

- ⊗ Yet, you will allow the USDOE to spill waste at this contaminated site until 1995.
- ⊗ You are responsible for protecting the Columbia River and the citizens of this State.
- ⊗ **PLEASE STOP** this illegal and dangerous dumping at Hanford!

Sincerely,

Stephen Phillips
