Dear Mr. Bauer:

This letter is in response to your submittal of February 17, 1994, requesting approval to construct Project W-320, Tank 241-C-106 Sluicing. My staff has reviewed your submittal, and based on that review I have determined that the proposed facility, if properly operated, will not cause emissions to exceed the standards of Title 40 Code of Federal Regulations (40 C.F.R.) Part 61, Subpart H. In accordance with 40 C.F.R. 61.08, I hereby grant approval of construction of Project W-320, Tank 241-C-106 Sluicing, as described.

If you have any questions regarding this approval, please contact me at (206) 553-4152, or Richard Poeton at (206) 553-8633 for technical matters.

Sincerely,

Jim McCormick, acting
Jim McCormick, Director
Air and Toxics Division
