- 30059-060 Rev. B, Loaded Vertical Concrete Cask Assembly
  - 30059-070 Rev. B, Cask Assembly, Dry Transfer System, Sheet 1
  - 30059-090 Rev. A, Shield Adapter and Indexer Assembly, Sheet 1
  - 30059-91 Rev. A, Shield Indexer Assembly, Sheet 1
  - 30059-101 Rev. A, G Cell Cover Block Gate Assembly
  - 30059-110 Rev. A, G Cell Equipment Arrangement, Sheet 2
- Attachment 4: NAC International Proprietary Statement

Please note that the U.S. Department of Energy Richland Operations Office (RL) is requesting that the Washington State Department of Ecology (Ecology) maintain the information enclosed within Attachment 3 as confidential. The information is proprietary in nature and is confidential business information, including trade secrets, such that disclosure to the public or in response to a request under the Revised Code of Washington (RCW) Chapter 42.56, Public Records Act, would cause direct harm to the company that is providing this information. All documents in Attachment 3 are individually marked as Official Use Only. The company affirms the confidential nature of this information as declared in Attachment 4.

RL and Ecology agreed in the Hanford Federal Facility Agreement and Consent Order, Paragraph 135, to protect the confidentiality of business information. Ecology is allowed to maintain the confidentiality of this information by RCW 43.21A.160, Request for certification of records as confidential - Procedure, and has the authority to withhold confidential business information from disclosure affirmed in RCW 70.94.205, Confidentiality of records and information.

Additionally, Ecology is authorized by RCW 70.105.145, Department's authority to participate in and administer federal act, to administer "all aspects" of the federal Resource Conservation and Recovery Act (RCRA) program, which includes maintaining the confidentiality of proprietary business information submitted to satisfy RCRA requirements, set out in Code of Federal Regulations (CFR) 40 CFR §260.2(b), Availability of information; confidentiality of information.

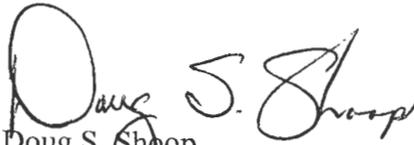

Ms. Alexandra K. Smith
