COMPLETION OF HANFORD FEDERAL FACILITY AGREEMENT AND CONSENT ORDER (TRI-PARTY AGREEMENT) MILESTONE M-024-58 FOR CALENDAR YEAR 2014 AND MILESTONE M-024-65

This letter is providing proposed well drilling scope and schedule to the State of Washington Department of Ecology and U.S. Environmental Protection Agency to "initiate discussions of well commitments to reaffirm the selected wells and recommend any new well installations needed to maintain a three-year rolling prioritized drilling schedule consistent with sitewide clean-up priorities." The U.S. Department of Energy Richland Operations Office is providing the proposed well drilling for the M-024 Milestone through Calendar Year 2018. Also provided is the list of wells to be drilled that are not included in the milestone for information.

This action completes Tri-Party Agreement Milestone M-024-58G, "Initiate Discussions of Well Commitments," for Calendar Year 2014. The second purpose is to notify the State of Washington Department of Ecology and U.S. Environmental Protection Agency of the completion of Tri-Party Agreement Milestone M-024-65, "DOE Shall Complete the Construction of All Wells Identified in M-24-11-01 Description." All of the wells identified for 2014 compliance were completed by October 2, 2013, as documented.
