Hanford Remedial Action EIS  
U.S. Department of Energy  
Richland Operations Office  
P.O. Box 550  
MSIN HO-12  
Richland, WA 99352

Dear Sir/Madam:

I support the initiative to save the Hanford Reach, and I would like to see the Department of Energy include all the public lands on the Wahlen Slope and the islands of the Hanford Reach in the national wildlife refuge. I am requesting that DoE prepare a Record of Decision to establish the national wildlife refuge. This is a very important area for protection and preservation, since it is the last free-flowing stretch of the Columbia. Let's protect it while we still can.

Sincerely,

Shannon D. O'Brien
