Dear Mr. Wisness:

Re: Transmittal of 4843 Alkali Metal Storage Facility (AMSF) Closure Plan, Revision 0, Notice of Deficiencies Response Table (S-4-1, M-20-14)

The Washington State Department of Ecology (Ecology) has recently reassigned the above referenced closure plan (dated June 1991) to me for review. The 4843 AMSF Notice of Deficiency Response Table (dated February 23, 1993) was received by this office on March 25, 1993. In accordance with the review time periods for the RCRA closure plans, established by the Hanford Federal Facility Agreement and Consent Order (Tri-Party Agreement), Ecology anticipated issuance of the above referenced response table by June 25, 1993. Due to the above mentioned reassignment, the anticipated issuance of the response table is now July 16, 1993.

Currently, Ecology is drafting the response table. Due to the responses submitted in the response table dated February 23, 1993 (received March 25, 1993), and to the above mentioned reassignment, additional comments are being drafted and will be forwarded with Ecology's response (anticipated July 16, 1993).
