

Waste Site Reclassification Form

Date Submitted: 5/12/2000	Operable Unit(s): 200-SS-1	Control Number: 2000-048
Originator: Charlie Shieler	Waste Site ID: 2703-E HWSA	
Phone: 372-2644	Type of Reclassification Action:	
	Rejected <input checked="" type="radio"/>	
	Closed-Out <input type="radio"/>	
	No Action <input type="radio"/>	

This form documents agreement among the parties listed below authorizing classification of the subject unit as rejected, closed-out, or no action and authorizing backfill of the site, if appropriate. Final removal from the NPL of no action or closed-out sites will occur at a future date.

Description of current waste site condition:

The site was a hazardous waste storage area located in a three-sided steel shed. The shed is on a concrete pad. The site is currently in use as an equipment storage area. There is a metal cabinet in the shed that is used to hold non-regulated soiled shop rags for pickup by the laundry services.

Basis for reclassification:

Examination of the pad in March 20000 showed that there is no dangerous waste or dangerous waste residues remaining at the site; the pad has been closed in compliance with WAC 173-303-630(10).
