Mr. David B. Jansen, P.E.
Hanford Project Manager
State of Washington
Department of Ecology
P.O. Box 47600
Olympia, Washington 98504-7600

Dear Messrs. Day and Jansen:

THE DRAFT A 200 WEST GROUNDWATER AGGREGATE AREA MANAGEMENT STUDY REPORT (AAMSR)

This letter transmits Draft A, 200 West Groundwater AAMSR, for review and comment by the U.S. Environmental Protection Agency and the State of Washington Department of Ecology. The report fulfills Hanford Federal Facility Agreement and Consent Order interim milestone M-27-10 for submittal of this AAMSR.

The report was prepared as a secondary document in accordance with the objectives of the Hanford Past Practice Strategy (DOE/RL-91-04) and the methodology and format for the AAMSR presented in AAMSR Chapter 1, which was submitted as interim milestone M-27-01. It represents the ninth of ten reports that will be prepared as part of the 200 Area National Priority List AAMS Program.

The U.S. Department of Energy, Richland Field Office (RL) comments are currently being dispositioned and have not been completely incorporated into the text of this document; consequently, RL may require changes to the draft.

Please note that generic text, which has been previously undergone regulatory review, has been highlighted by vertical bars in the text. Shading in the Table of Contents indicates those sections containing generic text. The highlighted text is currently being finalized based on regulatory comments received on the U and Z plants AAMSRs and will be incorporated into the final 200 West Groundwater. Therefore, we appreciate that regulatory review of the 200 West Groundwater is limited to the 200 West Groundwater Aggregate Area specific text.

AUG 27 1992

Messrs. Day and Jansen
92-ERB-143

-2-

Also enclosed are the copies of the following topical reports supporting the 200 West Groundwater AAMSR:

- Unconfined Aquifer Hydrologic Test Data Package for the 200 West Groundwater AAMS.
- Confined Aquifer Hydrologic Test Data Package for the 200 West Groundwater AAMS.
- Hydrologic Model for the 200 West Groundwater AAMS

If you have any questions, please contact Mr. P. M. Pak on (509) 376-4798.

Sincerely,

Steven H. Wisness
Hanford Project Manager
