Richland, Washington 99352

Mr. David B. Jansen, P.E.
Hanford Project Manager
State of Washington
Department of Ecology
Post Office Box 47600

Dear Messrs. Day and Jansen:

DRAFT A, SEMI-WORKS SOURCE AGGREGATE AREA MANAGEMENT STUDY REPORT

This letter transmits Draft A, Semi-Works Source AAMSR, for review and comment by the U.S. Environmental Protection Agency and State of Washington Department of Ecology. The report fulfills Hanford Federal Facility Agreement and Consent Order interim milestone M-27-08 for submittal of this AAMSR.

The report was prepared as a secondary document in accordance with the objectives of the Hanford Past Practice Strategy (DOE/RL-91-04) and the methodology and format for the AAMSR presented in AAMSR Chapter 1, which was submitted as interim milestone M-27-01. It represents the third of 10 reports that will be prepared as part of the 200 Area National Priority List AAMSR Program.

The U.S. Department of Energy, Richland Field Office (RL) comments are currently being dispositioned and have not been completely incorporated into the text of this document. As a result, RL may require changes to the draft.

Please note that generic text, which has previously undergone regulatory review, has been highlighted by vertical bars in the text. Shading in the Table of Contents indicates those sections containing generic text. The highlighted text is currently being finalized based on regulatory comments received on the U and Z plants' AAMSRs and will be incorporated into the final Semi-works AAMSR. Therefore, regulatory review of the Semi-works AAMSR is limited to the Semi-works Aggregate Area specific text. Also, enclosed is a copy of the Geologic/Geophysics Data Package for the Semi-works Aggregate Area.
