Re: Dangerous Waste Compliance Inspection on November 18, 2014 at the Integrated Disposal Facility, RCRA Site ID: WA7890008967

Dear Ms. Charboneau and Mr. Ciucci:

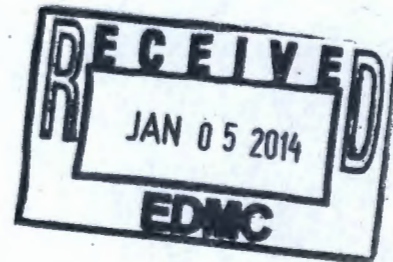

Thank you for the assistance from the United States Department of Energy – Richland Office (USDOE-RL) and CH2M Hill Plateau Remediation Company (CHPRC) staff during the recent dangerous waste (DW) compliance inspection of the Integrated Disposal Facility. The purpose of the inspection was to evaluate USDOE-RL's and CHPRC's compliance with the Dangerous Waste Regulations, Chapter 173-303 of the Washington Administrative Code (WAC). The Dangerous Waste Regulations¹ establish a safe and responsible system to manage DW.

I did not observe any areas of non-compliance with the Dangerous Waste Regulations.

If you have any questions regarding this letter or enclosure, please contact me at nancy.ware@ecy.wa.gov or (509) 372-7912.

Sincerely,

Nancy Ware
Dangerous Waste Compliance Inspector
Nuclear Waste Program
